## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 6, 7, 14 and 15 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by U.S. Patent No. 5,832,100 to Lawton et al.

As per claims 1, 6 and 14, Lawton et al. disclose a content selection document generation part ..... (col. 13, lines 13-25), a content selection document sending part ..... and a content selection document receiving part ..... (see at least the abstract), an information extracting part .....(col. 13, lines 41-51) and a distribution request sending part ..... and a content receiving part ..... (see fig. 2).

As per claims 2, 7 and 15, Lawton et al. disclose this limitation (see fig. 1, item 14).

### ***Allowable Subject Matter***

Claims 3-5, 8-13, 16-18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
